Response after Ex Parte Quayle

Sir:

A Petition for a two-month extension of time to respond to the Office Action mailed June 23, 2004 is submitted concurrently herewith.

The ownership of the present invention has changed. A revocation of power of attorney with new power of attorney in favor of the undersigned and change of correspondence address, is submitted concurrently herewith. The new owner is a small entity.

In response to the Office Action, submitted herewith are replacement drawings sheets containing amended Figures 6 and 7.

As required by the examiner, the reference numeral "32" has been inserted to identify the interleaver in Figures 6 and 7.

The five documents discussed by the examiner on pages 2 and 3 have been reviewed but are not considered to be so pertinent as to affect patentability of the present invention.

It is noted that, in the Office Action, the examiner indicated that, once the drawings had been corrected, the application would be in allowable condition.

Respectfully submitted,

Date: 18 October 2004
